Section A - Preamble

A.1 The contract

This Policy is issued by Sahyadri General Insurance Company Limited (the Company) to the Policyholder named in the Policy Schedule. The proposal form, the declarations made in it, the Policy Schedule, this wording and any endorsement together form a single contract, and must be read together.

In consideration of the premium paid, and subject to the terms, conditions, exclusions and limits of this Policy, the Company will pay or reimburse the Medical Expenses incurred by an Insured Person for an illness or injury that occurs during the Policy Period, up to the Sum Insured and the limits of the plan stated in the Policy Schedule.

A.2 How to read this wording

Words that start with a capital letter have the meaning given in Section B. Headings are for convenience only. Each provision is identified by its clause number (for example C.1.4 or Excl12), and claim decisions quote these numbers.

Where a benefit is described as 'up to Sum Insured', it is payable up to the Sum Insured available at the time of the claim, after all earlier claims in the same Policy Year. Every limit is per Insured Person and per Policy Year unless stated otherwise.

A.3 Order of application of limits

An admissible claim is assessed in the following order: first, items that are not payable under Section D or Annexure II are removed; second, charges are restricted to the Package Rate or Reasonable and Customary Charges, and medicines and consumables to their maximum retail price; third, the room and ICU eligibility in clause C.1 is applied, with Proportionate Deduction where relevant; fourth, any sub-limit is applied; fifth, the Deductible and then the Co-payment are applied; and finally the amount is restricted to the Sum Insured available.

Section B - Definitions

The definitions in B.1 are the standard definitions applicable to all retail health insurance products. The definitions in B.2 are specific to this Policy. Words in the singular include the plural and the masculine includes every gender.

Section E - General terms and clauses

The terms and clauses in this Section apply to the Policy as a whole.

E.1 Standard general terms and clauses

E.1.1 Disclosure of information

The Policy shall be void and all premium paid shall be forfeited to the Company in the event of misrepresentation, misdescription or non-disclosure of any material fact by the Policyholder. A material fact is any information that has a bearing on the acceptance of the risk.

E.1.2 Condition precedent to admission of liability

The terms and conditions of the Policy must be fulfilled by the Insured Person for the Company to make any payment for a claim arising under the Policy.

E.1.3 Claim settlement

The Company will settle or reject a claim within 15 days of the receipt of the last necessary document. In case of delay in payment, the Company will pay interest from the date of receipt of the last necessary document to the date of payment, at 2% above the bank rate. Where the circumstances of a claim warrant an investigation, the Company will complete the investigation and settle or reject the claim within 30 days of the last necessary document, and pay interest at 2% above the bank rate for any delay beyond that period.

E.1.4 Complete discharge

Any payment to the Policyholder, Insured Person, nominee or legal representative, or to the Hospital, shall be a valid discharge towards the payment of the claim to that extent.

E.1.5 Multiple policies

If two or more policies are taken by an Insured Person from one or more insurers to cover the same risk on indemnity basis, the Insured Person may choose the policy under which the claim is to be settled. Where the amount to be claimed exceeds the Sum Insured under a single policy, the Insured Person may choose the insurers by whom the balance is to be settled. The Company will not apply a contribution clause.

E.1.6 Fraud

If any claim made by the Insured Person is in any respect fraudulent, or if any false statement or declaration is made or used in support of it, or if any fraudulent means or devices are used by the Insured Person or anyone acting on their behalf to obtain any benefit, all benefits under this Policy and the premium paid shall be forfeited. Any amount already paid against claims found fraudulent shall be repaid by the recipients, who shall be jointly and severally liable.

Fraud means any of the following acts committed by the Insured Person or by their agent or the Hospital in order to obtain a benefit: the suggestion, as a fact, of that which is not true and which the person does not believe to be true; the active concealment of a fact; any other act fitted to deceive; and any act or omission that the law specially declares to be fraudulent.

The Company shall not repudiate a claim or forfeit the Policy benefits on the ground of fraud if the Insured Person proves that the misstatement was true to the best of their knowledge and there was no deliberate intention to suppress the fact.

E.1.7 Cancellation

The Policyholder may cancel this Policy at any time by giving 7 days' notice in writing. Where no claim has been made, the Company will refund premium for the unexpired period as below. Where a claim has been made, no refund is due.

The Company may cancel the Policy only on the grounds of established fraud, by giving 7 days' notice in writing, and no refund of premium will be made.

E.1.9 Portability

The Insured Person may port the Policy to another insurer by applying at least 15 days and not more than 60 days before the renewal date. If the Insured Person was continuously covered without any lapse under any health insurance policy, they are entitled to the accrued continuity benefits in waiting periods, as per the IRDAI guidelines on portability.

E.1.10 Renewal of policy

The Policy shall ordinarily be renewable except on grounds of fraud, misrepresentation by the Insured Person, or moral hazard. The Company will not refuse renewal on the ground that the Insured Person made a claim. A Grace Period of 30 days is allowed for renewal (15 days where premium is paid monthly), and coverage is not available during the period in which no premium is received.

E.1.11 Premium payment in instalments

The Policyholder may pay the premium in monthly, quarterly or half-yearly instalments, as shown in the Policy Schedule. If an instalment is not paid within the Grace Period, the Policy is cancelled. In case of a claim, the remaining instalments for the Policy Year are deducted from the claim amount or must be paid before the claim is settled.

E.1.12 Moratorium period

After completion of 60 continuous months of coverage, including portability and migration, no policy or claim shall be contestable by the Company on grounds of non-disclosure or misrepresentation, except on grounds of established fraud. The moratorium applies to the Sum Insured of the first policy, and to any enhanced Sum Insured from the date of the enhancement.

E.1.13 Possibility of revision of terms

The Company may revise or modify the terms, premium or benefits of the Policy with the prior approval of the IRDAI, and will notify the Policyholder at least 90 days before the revision takes effect.

E.1.14 Sum insured and enhancement

The Base Sum Insured options for each plan are given in the Schedule of Benefits. The Sum Insured may be enhanced only at renewal, subject to underwriting. Waiting periods under D.1 apply afresh to the enhanced portion.

E.1.15 Free look period

The Policyholder has a period of 30 days from the date of receipt of the Policy document to review the terms of a new Policy. If the Policyholder is not satisfied, the Policy may be returned for cancellation stating the reasons, and the Company will refund the premium after deducting proportionate risk premium for the period of cover, stamp duty and the cost of any medical examination. The free look period does not apply to renewals.

E.1.16 Nomination

The Policyholder must nominate a person at the inception of the Policy to receive claim payments in the event of the death of the Policyholder. The nomination may be changed by a written endorsement.

E.1.17 Withdrawal of product

If this product is withdrawn, the Policyholder will be offered the option to migrate to a similar product of the Company with continuity benefits, with 90 days' notice before the renewal date.

E.1.18 Arbitration and jurisdiction

Disputes as to the quantum of a claim, where liability is admitted, may be referred to arbitration under the Arbitration and Conciliation Act, 1996. The Policy is governed by the laws of India and the courts of India have exclusive jurisdiction.

E.2 Specific terms and clauses

E.2.1 Medical examination

The Company may require any Insured Person to be examined by a Medical Practitioner nominated by the Company, at the Company's cost, as often as it considers necessary while a claim is pending.

E.2.2 Change of plan

The plan may be changed only at renewal. Where the change is to a higher plan, the waiting periods under D.1 apply afresh to the additional benefits.

E.2.3 Territorial limit

All treatment must be taken in India, and all claims are payable in Indian rupees.

E.2.4 Hospital tariff

Where a Hospital charges different tariffs to insured and uninsured patients, the Company is liable only for the tariff applicable to an uninsured patient for the same room category.

Section F - Claim procedure

Claims may be made on a cashless basis at a Network Provider or by reimbursement. The Company may service claims through a TPA named in the Policy Schedule.

F.1 Notification of claim

Notice of a claim with the policy number, the Insured Person's name, the nature of the illness or injury and the name and address of the Hospital must be given to the Company or TPA:

- at least 72 hours before a planned hospitalisation; and
- within 24 hours of admission in an emergency hospitalisation, or before discharge, whichever is earlier.

F.2 Cashless facility

Cashless Facility is available only at Network Providers. The Insured Person must present the health card and photo identity proof at the Hospital, which sends the pre-authorisation request to the TPA. The TPA will decide on the request within one hour of receipt, and on the final discharge authorisation within three hours of receipt of the discharge request from the Hospital. Charges above the authorised amount, non-payable items and cost-sharing amounts are settled by the Insured Person directly with the Hospital.

A denial of cashless authorisation is not a rejection of the claim. The Insured Person may take treatment and submit a reimbursement claim under F.3.

F.3 Reimbursement claims

For reimbursement, the documents listed in F.4 must be submitted within the following time limits. Delay may be condoned on merit where the Insured Person shows that it was caused by circumstances beyond their control.

Type of claim	Time limit for submission

Post-hospitalisation	Within 15 days of completion of the post-hospitalisation period
